CAPITOL SALOON

—AND—

LODGING HOUSE,

(Opposite State Capitol.)

MISS JENNIE FORREST,
PROPRIETRESS.

no bar is supplied with the best brands of

Wines, Liquors and Cigars.
The rooms are lofty, airy and equal to any in the State.

—Lung Protectors at Thaxter's Drug Store.

—Senator Gallagher, of Mason Valley, was in the city Sunday.

—Prof. Norris, the mineral diviner, was in the city yesterday.

—On Saturday, January 15th, the thermometer did not get above zero all day.

—Hem-stitched Silk Handkerchiefs, twenty-five cents a piece, at Olcovich Bros.

—Lou Doran is in town for a few days from the Mountain House mining district, and reports things looking well out there.

—Stockmen complain of the scarcity of cattle cars on the C. P., the absence of which is causing them loss of time and money.

—Wood has advanced \$2 a cord in Virginia and Gold Hill, \$1 in Reno, and 50 cents in Carson. Harvest season this for the wood dealer.

—The latest from Owens Valley is that the oldest settlers have never seen it as cold for twenty years. The whole valley is covered with ice.

—The thermometer in front of C. W. Friend's store January 14th, at 5 P. M. was 5° below zero, at 10:30 P. M. was 9° below zero, and at 7 A. M., January 15th, it was 12° below.

—Lots of people ask why the flags are not run up. A person that can't tell what the weather is or has been for the last few days without a signal flag is no weather sharp.

—A Washington dispatch says there is a \$30,000 shortage in the appropriation for the Public Building in this city. It must have been used up in the erection of that big board fence.

—Senator Westerfield and Assemblyman Pike are mentioned as likely to be nominated for Congress by the Nevada Democrats this Fall, provided, always, that Cassidy don't want it. Reno Journal.

—Assayer Ryan is of the opinion that if the Mint is kept in operation the current year, it will prove as near self-sustaining as any of the branches, as there is a prospect for a large increase in its business.

—A strong movement is now developing in Illinois to boom Robert Lincoln as a candidate for Governor. It has already 400 enthusiastic advocates, while all through central Illinois the idea is received with satisfaction.

—Ayer's Hair Vigor improves the beauty of the hair and promotes its growth. It prevents the accumulation of dandruff, cleanses the scalp, and restores a natural color to grey hair. Have you received Ayer's Almanac for the new year?

—When the eyes become weak or the lids inflamed and sore, a disordered system or a scrofulous condition of the blood is indicated, for which Ayer's Sarsaparilla is the best remedy. It invigorates and vitalizes the blood and expels all humors.

—ADVERTISED LIST—Gentlemen's list: J. B. DeLery, E. J. Haily, Mm. Stuffs, C. Ennis, L. Longwell, J. E. Stines, Wm. Hatherel, Thos. Spalding. Ladies' List: Mrs. J. G. Forse, Mrs. Mortenson, Mrs. Dr. Safford. G. C. WHITE, P. M. January 14, 1887.

—Mr. Helm, Superintendent of the Carson Water Company's works, has had a force of men employed at the reservoir during the freezing spell, clearing away ice as it forms, and by that means has kept the pipes clear. These men work night and day and will continue to do so as long as the present weather lasts.

The Hardest of Combinations.

The delicacy of flavor with the efficacy of action has been attained in the famous California liquid of Figs. Its pleasant taste and beneficial effects have rendered it immensely popular. It cleanses the system, cures Costiveness, etc. For sale by George C. Thaxter, agent.

Sold for Taxes.

The following delinquent taxpayers had their property sold for taxes yesterday: M. Herman, P. S. Vucanovich, Mrs. Lockie, W. A. Magee, T. J. Tennant, Mrs. T. L. Smith, V. A. Foucault. Most of them were purchased by J. B. Vieira.

SMALL POX ARRIVES.

A Case Discovered in This City Yesterday.

Yesterday a case of small pox was discovered in Mrs. Ney's house next the South ward school house. A man named Anderson, who came from California three days ago, brought it with him.

The city authorities are already moving in the matter. The man will be removed to the pest house. The disease will be contagious in three days. Get vaccinated at once. With proper precautions there is no cause for alarm.

Select Knights.

At the last regular monthly meeting of Eagle Valley Legion No. 2, Select Knights of A. O. U. W., held in this city on Saturday evening, January 14, 1888, the following officers were duly installed for the term ending December 31, 1888, by Deputy District Commander Jerome Caldwell, of Virginia Legion No. 1: Past Commander, Thomas Burke; Commander, Thos. H. Stone; Vice Commander, William L. Woolley; Lieutenant Commander, Frank G. Folson; Recorder, Forest C. Small; Recording Treasurer, John Clantzmann; Treasurer, George W. Cagwin; Marshal, Thos. P. Moseley; Standard Bearer, Simon Guler; Junior Workman, Edward Mallaly; Senior Workman, Athanasio Frechette; Guard of the Legion, Damascus Berian.

Miss Nevers' Funeral.

The funeral of Miss Henrietta Nevers took place from the Episcopal Church yesterday and was very largely attended notwithstanding the inclemency of the weather. The touching services of the church and the sweet music by the choir made the scene a very solemn one. After the services Mrs. White and Mrs. Jones of the Custer Post Relief Corps, of which order departed was a member, went through the necessary funeral ceremonies of the society. The p. cession was large, and so the good young lady, beloved by all who had the pleasure of her acquaintance, was carried away and laid in the cold, frozen ground, but her spiritual essence is happier far than had she lived her allotted time of womanhood. Tribune.

Is There a Shortage?

The postal department has issued an order that the postal clerks on trains will no longer be allowed to cancel stamps and that all letters deposited with such clerks will be dropped at the next office—thus delaying them at least one day.

The above, says the Reno Journal, is probably a mistake, as the postal clerks have received no such instructions. The express messengers have, however, been directed to drop at the next postoffice letters, other than express, that may be put in the express car.

Light Ahead.

Supt. Garrard has been authorized to purchase 25,000 ounces of silver and pay for the same in gold checks on Assistant Treasurer at San Francisco.

It is the first time the Superintendent of the Mint has been allowed to pay for silver in anything but standard silver dollars.

The purchase limited to this amount, is simply intended to make prompt payment in fine bars to depositors.

Syrup of Figs

Is Nature's true laxative. It is the most easily taken, and the most effective remedy known to cleanse the System when Bilious or Costive; to dispel Headaches, Colds, and Fevers; to Cure Habitual Constipation, Indigestion, Piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. For sale by George C. Thaxter, agent Carson.

WASHINGTON LETTER.

[From our regular correspondent.]

WASHINGTON, Jan 6th. 1888.

There is one thing which Congress did not fail to do before it adjourned for its holiday recess—draw its mileage. This mileage is quite an item, and amounts to \$33,000 for the Senators, and \$110,000 for members of the House. Herebefore it has been virtually a gift, for nearly every Senator and member, if not every one, traveled on free passes. The passage of the Inter-State Commerce bill cut off that nice little perquisite. The mileage to the delegation from the Pacific Coast amounts to \$1,300 a year to each. The rate is twenty cents a mile for the distance, by the nearest route, between the members home and Washington at the opening of each session, and back to his home again after adjournment.

Senator Stanford, of California, is a liberal man with his millions in many ways than one. His generosity is shown, for instance to his committee clerk, whom the law allows \$2,500 per year. To this Mr. Stanford adds his mileage of \$1,300, which gives the clerk the comfortable sum of \$3,800. Then Mr. Stanford's salary as Senator is \$5,000 a year, and this entire sum he turns right over to his private secretary. How fortunate some men are in money matters.

The Bureau of emigration claims that there are 600,000 Hungarians in this country, a large proportion of whom are not naturalized. It seems impossible to estimate how many foreigners of all kinds we have who have not taken out naturalization papers, though eligible to citizenship, and it is probable that a bill will be introduced in this Congress to make this matter compulsory. It does seem reasonable that a man who enjoys the prosperity of the Republic should be compelled to suffer its adversity with others if adversity should come.

A bill will soon be introduced, with good prospect of its passage, creating a commission to treat with the Indians in the Indian Territory. Its object is to mass them closer together in the Eastern part of the Territory; thus leaving about 21,000,000 acres in the Western portion open for settlement. To this will be added "No Man's Land" or "Oklahoma" so called, which comprises 3,000,000 acres, making a territory of 54,000,000 acres about as large as the State of Ohio. This project is meeting with great favor.

When Congress reassembled on Wednesday, most of the members of both Houses were present. It was fully expected that the Speaker would proceed at once, on opening to announce the committees, but the arrangement by the Speaker having been noised about considerably before the hour for opening arrived, dissatisfaction with appointments was so great and pressure for changes so strong, that the Speaker was confused and determined to postpone the announcement.

The Senate's proceedings on Wednesday were characterized by three remarkable speeches. Senator Sherman analyzed the President's message on the tariff issue in an able manner, followed by Senator Voorhees of Indiana, in defense of the President's position, and by Senator Teller, of Colorado, who, with a mass of facts and figures, showed the sophistry and insincerity of the Administration in its pretended tariff reform and financial policy.

The galleries of both wings of the Capitol were filled with spectators who evinced great interest in the proceedings. The Senate drew the more intellectual portion of the crowd on account of the speeches being delivered, but the House galleries were packed by those who enjoy the confusion and excitement usually attending the proceedings of that body.

Senator Brown, of Georgia, introduced a resolution for the repeal of internal revenue taxes, and will call the question up next Monday and make a speech on it. This took the Democratic side a little by surprise, and is understood to mean that the Senators will oppose reduction of tariff duties, but favor the repeal of all internal taxation. It means further that the President is going to have serious trouble among his own party friends on the issue he has raised. R.
